Dive accident insurance recommended

## Cruise the Bahamas

### *Live Aboard In Style*

Cruise the turquoise waters of the Bahamian coast in total laid back luxury. Multiple daily dives, night dives, drift dives, you name it. The Avalon is one of our favorite liveaboards. A typical dive day includes early morning dives, delicious breakfast, more amazing dives, snack features and dives, then lunch and you guessed correctly, more diving. Dinner is awesome and you can sit back and relax or...DIVE. Next day, rinse and repeat.

We may swim with the pigs, see celebrity islands from afar, feed iguanas, or enjoy the sea breeze.
