Join us for a fun filled week in Grand Cayman. We are staying at the award winning Sunset house with the waves of the ocean crashing of the balcony. We plan to Dive in the morning and tour the island enjoying the famous Turtle farm, Hell, and the Tortuga Rum Factory. If weather permits, we will also dive the famous USS Kittiwake, and feed the stingrays in Stingray City. There will be plenty of opportunity for night diving, as well as unlimited shore diving, and snorkeling from the hotel. This has historically been called the trip of a lifetime.
